

To whom it may concern,

I am writing to you for Jeannette Luthi. I have known her personally for 2 years, and have known her to be an organized and responsible going individual. I believe that her skill and experience make her an excellent candidate for a health sale representative.

I met Jeannette Luthi last year. She helped my husband to make changes of his Medicare health coverage successfully. My husband have 18 years in Medicare health coverage but never received a follow up call by sale representative, ONLY her Jeannette Luthi. Not just that, she called often to check on him with any help we need and on special days, like his birthday, father day, thanksgiving, Christmas ... That is very comforting and caring to senior.

Best regards

Rosita Li
